*More excitement, more home games
and more to play for than ever before!*

**If you love this game
as much as we do, you
won't want to miss a thing!**

Your Ascot Park Hotel Southern Steel are back to take on the best in netball's elite, high-performance competition - the ANZ Premiership.

This season promises more excitement, more home games and more to play for than ever before.

A Real Steel Membership for 2024 will put you exactly where you need to be - right here beside us for a home game series that's got it all.

The 2023 ANZP season as Head Coach of the Southern Steel was by far the toughest and yet also the most rewarding.

To be in the record books for all the wrong reasons wasn't how I imagined the season would go.

As we headed into pre-season we all had a sense of confidence that something awesome could potentially grow from the team we had gathered. But with the loss of players in key positions we struggled to find our Steel way and battled through those first few rounds.

We regrouped, refocussed and really tried to keep things simple so that we could do our individual jobs better as we went along.

As the season progressed, we displayed more Steel-like behaviours and began to seriously compete with the rest of the teams.

One thing I am proud of is the fight we showed and how we never gave up!

As we struggled to get a win, the one thing that never wavered was the encouragement of our fans. We all felt so humbled by your unconditional support and how you filled the fortress and raised the roof to help us do our best. I thought we almost had a couple of wins, but it wasn't to be. That last game at ILT Stadium Southland felt like a final. The atmosphere was electric, the noise deafening and the emotions were high. As the final whistle blew, I was so gutted we hadn't been able to do it for ourselves and most of all for you who had stood loyally behind us all the way. One thing I am proud of is the fight we showed and how we never gave up!

2024 is going to be as tough as any other season but I know we have a team who will work hard and strive to be their best. We have a good core of players returning and it's great to welcome Shannon, Abby and Taneisha back. Grace and Jeanté will complete our team and I know they have the right mindset and work ethic to help us get back to our old Steel winning ways.

I know you'll be there to support us, pack out our home venues, stand behind us, cheer us on from the first whistle to the last and watch us never give up on our Steel dream.
