

Team Talk

It was certainly one heck of a comeback against the Tactix last week ... but we should never have been in that position in the first place.

We were really disappointed with the start. Going down by 13 points in one quarter is unacceptable.

We knew going into the next phase we would have to work ten times harder if we wanted to win this game. It was really pleasing not only to win in the end but to pull that 13-point deficit back to just one by halftime.

Leading into Stars game, we are in an interesting position, effectively playing in a game which has no effect on the final standings. But there is still so much to play for with the result being huge in terms of taking confidence into the Elimination Final next week.

Our precious clashes against the Stars have always been hard fought and really close and we are expecting nothing less this week.

Cheers,
Te Huinga
